

STATEMENT OF INTENT

2021/22 2022/23 2023/24

Venture Timaru is the Economic and Tourism Agency for the Timaru District whose vision is”

“Attract, grow, and retain people and businesses that contribute to a thriving Timaru District economy”

We submit our 2021/22 Statement of Intent which is aligned to an updated and refreshed Economic Development Strategy and a new Destination Management Plan both of which have been developed over the first half of 2021. This project which included extensive district wide stakeholder engagement not only informs this 2021/22 Statement of Intent, but also our priorities and work plans for the next 6-8 years. It is intended both the Economic Development Strategy and the Destination Management Plan will be “living documents” which will be subject to review and updating on a regular basis going forward.

This Statement of Intent includes:

- A brief overview of the local economy and current issues
- A request for the establishment of a new Events Support Grant
- Anticipated 2021/22 Objectives and associated areas for action
- Key Monitoring, Performance and Success Indicators
- Required financial and governance information and funding request.

The Timaru District is widely regarded to have been “buffered” from the immediate impacts of the COVID-19 global pandemic when compared to many other parts of New Zealand, and in many cases this assessment is well founded.

Our substantially diverse industry sector base has seen >65% of our workforce deemed essential versus a national average of 40%. Our backbone industries in the primary, food processing and manufacturing, transport & logistics and trades sectors, as our largest employers are also seen as the industries that will lead our recovery through the covid pandemic. Within the Mid and South Canterbury area we are estimated to produce enough food and beverage for >40m people per an num.

Notwithstanding, there are however a few challenges facing us presently which are likely to intensify in the immediate future. These include:

Workforce Attraction – the ability of our widely diverse local business and industry to attract and retain the skilled workforce was challenge even before COVID-19 – with this intensifying further in recent times. Important to note that whilst anticipated our non-metropolitan “safe haven” location may have been attractive to new workers in some cases this has been an obstacle as business has reported some parties see the move away from existing friend and family networks as being “isolating” should there be another COVID-19 event.

Housing – our numerous and ongoing interactions with business and industry in supporting them to attract and retain their workforce, has highlighted the need for our district to at any given time have a variety of housing and rental stock available that is attractive to new workers and their families. It is noted that we fall short of our near neighbours in Mid Canterbury and Selwyn Districts in providing new affordable house and land packages in the \$500 - \$850K price range. It is important we collectively address this by being bold and innovative in both our decision making and private/public collaborations.

Logistics – as an import/export country the effects of global supply chain disruptions are becoming very evident locally. Increased global freight costs, delays, intermittent shipping schedules, port disruptions etc... have been contributing to significant challenges to us not only sourcing our consumer goods and supplies needed by industries, but also the volume of containers we need to get our product out to the wider world.

This is a significant issue which we consider will continue to ebb and flow over months to come, with some estimates that we will not get back to even near pre COVID 19 global logistics for at least 12-18 months. Locally our discussions with Primeport and key industry and logistics players have highlighted a prioritised need and opportunity to progress the establishment of a coastal shipping network. This would not only bring much needed surety of service/accessibility to our importers and exporters but would also provide substantial opportunity to grow trade through our local port and reduce overall emissions.

As detailed within this Statement of Intent the above issues will be prioritised workstreams for Venture Timaru in the year ahead.

Events Support Grant

As detailed, we are not seeking an increase in either our Economic or Tourism Operational Grants beyond that provided in the 2020/21 year. We are however seeking a new **Events Support Grant of \$230,000**, the proposed background and criteria for which to be tabled and agreed separately with Council.

In summary events play an integral part in our Destination Management and Visitor Attraction activities. It is critically important to be able to activate and enhance our events sector offerings including for example those associated with the proposed new Theatre Royal and Heritage Facility and the redeveloped Aorangi Park. This ensures these significant investments and other community facilities are fully leveraged, bringing economic returns to the district.

Strategic Projects

Enable and promote Timaru as a Central South Island distribution and logistics hub

Development of an authentic and integrated place narrative and identity for the Timaru District

Non-Financial Performance Targets and other measures

The below Monitoring, Performance and Success Indicators align to aforementioned objectives and the nature of our scope and activities in the year ahead. They are also aligned to longer term priorities and opportunities identified within our Economic Development Strategy and Destination Management Plan.

The Monitoring Indicators are largely beyond our control as they are influenced by the wider economy. That said by monitoring our progress within these indicators, we maintain a health check on the performance of our local economy v national economy, which in turn highlights areas we need to focus on.

Monitoring Indicators (non-financial)	<p>There are a number of key indicators that, although not directly influenced by the work of Venture Timaru, are important to monitor, report, and proactively take action on, as appropriate, in the event of any deteriorating trends</p>			
	GDP Contribution Timaru District v NZ	Unemployment Rate Timaru District v NZ	Housing Affordability Timaru v like areas	Consumer & Visitor Spend trends v same period last year
Performance Indicators	Value of Venture Timaru interactions with local businesses Net promotor score evidencing year on year improvement	Value of Venture Timaru work to shareholder Net promotor score evidencing year on year improvement	Value of Venture Timaru work to wider stakeholders e.g., central government contract providers. Net promotor score evidencing year on year improvement	Ease of doing business in the Timaru District. Year on year improvement
Success Indicators	<p>Successes will be captured and reported within Venture Timaru quarterly and annual reports to Timaru District Council</p>			

In developing and enhancing Venture Timaru's (VT) strategies consultation and reference has been made to Timaru District Councils (TDC) long term plan, growth management strategy and revised vision, values, and community wellbeing outcomes.

New Zealand Government Economic Plan for a productive, sustainable, and inclusive economy.

New Zealanders value a strong economy that provides decent jobs, higher incomes, and opportunities for current and future generations. Equally, we understand that the health and wellbeing of our people, the protection and enhancement of our environment, and the strength of our communities allow us to achieve our potential.

To deliver on these national values, our economy must be productive, sustainable, and inclusive. It requires us to tackle the long-term challenges the New Zealand economy is facing.

The Government's Economic Plan identifies eight key shifts and policy action the economy needs to transition to more productive, sustainable, and inclusive growth. It is an integral part of delivering wellbeing for all New Zealanders.

The shifts we are tackling will not take place overnight, and the Government cannot do this on its own. It is essential the Government partner with business, workers, communities, and iwi to ensure people and businesses can adapt to new working environments and respond confidently.

New Zealand has a unique opportunity to build on our strengths and use these to lead the world on standing up to the economic challenges of the next 30 years, turning issues like climate change and the technological revolution into economic opportunities.

Boards approach to Governance

The Board of Venture Timaru Limited trading as Venture Timaru (VT) seeks to govern the organisation in a way that is both aligned to central and local government plans and objectives and achieves the objectives stated and communicates with the Council in a timely and effective manner. Given the nature of the activities and the accepted role of similar organisations throughout the country, the performance is not measured in strictly commercial terms such as profit, share value or rates of return.

1. PERFORMANCE AND OTHER MEASUREMENTS

Performance shall be assessed against key Monitoring, Performance and Success Indicators via the Supply of a quarterly (and annual) report to the Timaru District Council including financial position. Other Performance measures include:

Financial - VT will prudently manage all financial matters, operating within its means predicated by the level of income and reserves received and held. Measured by financial performance v budget and adherence to all financial and reserves policies.

Good Employer - VT is committed and obligated to being a better than good employer of existing and future staff. Our well established policies and procedures clearly evidence the importance we place on the health, wellbeing, and ongoing development of our staff. Measured against staff retention rate, development opportunities and annual performance evaluations.

2. GOVERNANCE STATEMENT:

Venture Timaru Limited was incorporated and adopted a constitution on 23rd June 2010. Venture Timaru Limited Board Charter was adopted on 7th November 2016.

Structure, Function and Obligations of the Board

a. The Role of the Board:
