To whom it might concern,

Please find attached our submission concerning the proposed Timaru district plan.

We have been in consultation with the NZ Agricultural Aviation Assn and **fully support** their detailed submission and proposed changes. We have read them in their entirety and believe that they meet everyone's requirements to develop a district plan that works for the community.

Southern Wide helicopters are one of two helicopter companies based permanently in South Canterbury servicing the Agricultural industry. We are based at Timaru airport.

We ask that the planning committee consider the proposed changes outlined in the NZAAA submission as we believe that they have put considerable time and thought into the changes that will enable us to all understand and comply with the district plan when it is finalised.
